The Editor of the BULLETIN wishes to call attention to the following error in Volume LXII:

*March 9, p. 273: The final sentence of President Nixon's letter transmitting the report to the Congress on U.S. Foreign Policy for the 1970's should read:*

*"I hope the report will lead to a better understanding by The Congress and the American people of the spirit in which this Administration has sought to guide our foreign affairs, of what has been accomplished so far, and of our new approach to the challenges and opportunities of the world of the 1970's."*
